

VP-NSF COHORT PROGRAM

LEARN TO WRITE NSF GRANTS

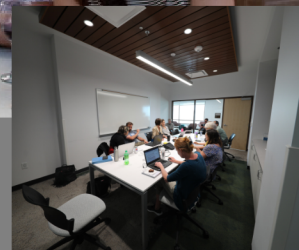

WRITING

Cohort leaders teach you to write a grant, section-by-section

MENTORING

20+ senior mentors provide feedback and guidance

EXAMPLES

Fellows are provided with lots of examples of successful NSF grants

ABOUT THIS TRAINING

The VP-NSF Cohort Program (henceforth, “Cohort”) is a university-wide resource that provides twenty faculty with NSF-specific mentoring, skill development, and support. Faculty selected to participate in the one-year program will craft an entire NSF proposal with the objective of submitting the following year. The program is designed for both new faculty and those who are new to pursuing NSF funding.

APPLICATIONS CAN BE SUBMITTED VIA INFOREADY
